- 2) Surfside Collapse
  - a) Update-Demobilization of Task Forces
  - b) No deployment of TRT other than members as part of Task Force
- 3) New team for 2021 (39 Teams)
  - a) Destin Fire Control (TRT-109) (January)
- 4) Fire Departments with TRT Interest (8)
  - a) Alachua County Fire Rescue (Region 3)
  - b) City of High Springs (Region 3)
  - c) Pasco Fire Rescue (Region 4) submitted ORE, scheduling a site visit
  - d) City of Melbourne (Region 5)
  - e) Sarasota County (Region 6) submitted ORE, scheduling a site visit
  - f) North River (Region 6)
  - g) Delray Beach (Region 7)
  - h) City of Miami (Region 7)
- 5) FSM Standard Operating Procedure- Process for qualifying new Technical Rescue Teams
  - a) Have draft and working on final
  - b) Submit ORE to TRT Work Group Leader and FSM USAR Coordinator
  - c) Schedule a site visit
  - d) ORE-90% or higher
- 6) Safety and Task Force Leader Classes
  - a) SERT-TRAC good location search <https://trac.floridadisaster.org/TRAC/loginform.aspx>
    - i) Task Force Leader (equivalent)
      - (1) Strike/Team Task Force Leader (L-984)
      - (2) Strike Team S-330
    - ii) Safety Officer (equivalent)
      - (1) Safety (L-954)
      - (2) FSFC Safety Officer (BFST 6742)
- 7) New ESF at SEOC
  - a) ESF19 will become Fuels. ESF12 has grown to a point that power needs to be separated from fuel. Power will be ESF12 and fuel will be ESF19.
  - b) ESF20 will become Cyber. ESF20 has two distinct missions. When activated ESF20 monitors and maintains a safe environment for the SEOC and state agencies while we are processing an increased number of web and email traffic. Second, in the event that we are criminally compromised or the event we activate for is a cyberattack then ESF20 moves to a member of UCG with ESF16.

# 2021 TECHNICAL RESCUE TEAM WORK GROUP MEETING

JULY 2021

- 8) TRT Logo
  - a) Have our own state design? *Those present did not object.*
  - b) Interested individual or group? *No one has come forward and expressed an interest*
